

I have gotten completely fed up with the large (and growing) quantity of telemarketing calls that I have been receiving. Despite paying for caller ID, and having a message on my answering machine that states that my number should be put on the "DO NOT CALL" list, the calls just keep coming.

I don't want them. What I want is for telemarketers to stop calling me. My work requires that I answer the phone if it rings, and all too often is is a telemarketer.

I am very much in favor of a national Opt-Out/Do Not Call list, with serious penalties for abuse or non-compliance.

Thank you.

David Bryant
